

Ross Doolan

Front-end Web Developer

07966053245 / hello@rossdoolan.co.uk / rossdoolan.co.uk

Objective

To work in the web industry making good use of my passion for design, coding and accessibility.

Employment

Web Developer, Newcastle Strategic Solutions, 2014-Present

- Design, develop and maintain the front-end for clients who use our web based savings applications
- Ensure new solutions meet the WCAG 2.0 AA standard using semantic HTML. Use clean minimalistic CSS to achieve required look and feel
- Use git alongside Team Foundation Server and Azure to deploy web content, following best practice version control

Graphic/Web Designer, Meridian Delta, 2012-2014

- Designed and coded HTML email designs for a range of clients in the B2B sector
- Emails built using HTML email best practice, to achieve a consistent look across all email service providers
- Used wordpress and bootstrap to create responsive client websites

Education

Bachelor of Arts in Graphic Design, University of Sunderland

Higher National Diploma in Graphic Design, TyneMet College

Hobbies

Music, Cinema, Basketball, Football
